

# Career Quest

After watching the *JA Our Nation* Lesson 3 volunteer video session, create and play a career bingo game with a sibling, adult, or friend.

## Materials

- Paper and pencil, scissors
- Bingo markers

## Activity

**Check off the boxes as you finish your work.**

- Using a square piece of paper, create a grid of four squares across and four squares down.
- Write a job or career you know about in each of the squares.
- Write the title of each career cluster shown below on a separate slip of paper OR write the name of each career cluster on lined paper and cut them apart.
  - Agriculture, Food, & Natural Resources
  - Architecture & Construction
  - Arts, Audio/Video Technology, & Communications
  - Business, Management, & Administration
  - Education & Training
  - Finance
  - Government & Public Administration
  - Health Science
  - Transportation, Distribution, & Logistics
  - Hospitality & Tourism
  - Human Services
  - Information Technology
  - Law, Public Safety, Corrections, & Security
  - Manufacturing
  - Marketing, Sales, & Service
  - Science, Technology, Engineering, & Mathematics
- Place the career cluster titles in a jar, bowl, or paper bag.
- Have one player draw out a career cluster title and read it aloud. Find a career on your bingo card that fits into that career cluster. If you are uncertain, discuss it with the other players. Put the career title back in the draw bag.
- Use small markers, cereal pieces, or other small objects to cover each square as it is called. The winner is the first one to get a row across, up and down, or diagonal through the center. The real winner is the one who learns about a new job or career that interests them!
