

100 YEARS. **100% READY.**

“No one who achieves success does so without the help of others.” – Alfred North Whitehead

We do not exist in a bubble. As conversations about inclusion, diversity and global connectivity continue to have far-reaching impacts, we recognize an important truth: **when our communities rise, we all succeed.**

Since becoming President of North Central Ohio’s JA chapter two years ago, I have increasingly seen how this truth plays a vital role not just for our students, but within our broader partnerships and relationships.

Thank you for standing with JAs as we navigated COVID and

shutdowns; **thank you for saying, “Yes!” to our mission** during an emotional and unstable season.

Because, **thanks to you:**

- 5,780 students across 9 counties connected with 69 companies and created career plans
- Teachers, mentors and JA staff guided two JA Company teams to national recognition
- Record breaking funds were raised during the summer golf season, funding over 1,900 student programs for the upcoming school year

You made this possible. Thank you for empowering stronger tomorrows.
